6. Once the file gets updated with details, we have to update those in converter file as below.

7 Once the convert run, we need to update the data in notepad and need to create lot file.

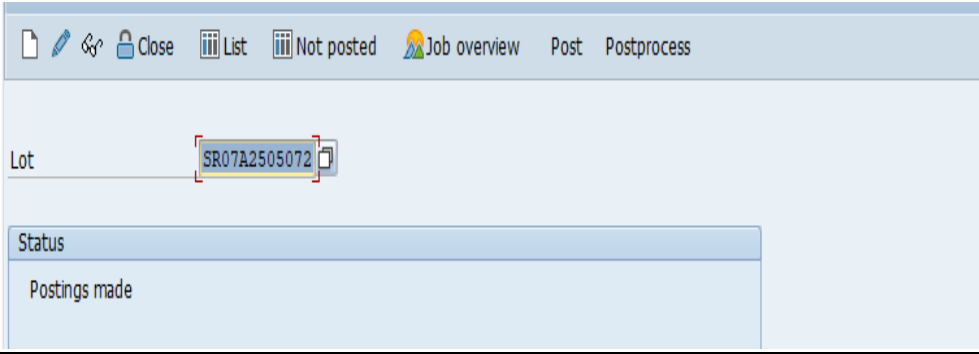

[illegible]

Upload Payment file to application server in REG Folder

☒ Payment
☐ Return
☐ Invalid Payment
☐ Online Payment

Agency Name
 Payment File
 Return File

	9 Need to processed in t-code FP25 
Process change required	1. For RTGS process need to discussed for automation. 2. We intend that maximum of this activity to be performed through BOT.
Benefits of implementing the new process	1. Reduce manual work and time saving. 2. Avg. 3 hours spent per day 3. Improved Accuracy 4. Enables high-volume transaction handling without additional resources.
